

Every day, we are inspired by your work and the passion you bring to it. Great Dames are driven by a sense of **power** and **purpose**. Recently, we've met several women who have had a really **BIG** idea that they refused to let go - even in the face of extreme adversity. Their idea has provided the **spark, energy** and **resilience** they needed to create a vision, execute their idea, and create compelling **impact**.

This spring, we are honored to feature three "**Women with BIG Ideas**" -- Jane Golden, Jamiye Cooper, and Carol Fitzgerald. Each has taken a different path to execute their strategy, but they have succeeded, because they are driven to accomplish their **vision**. Join us to hear their stories and to share some of your own. We all have dreams and big ideas. **Let's inspire each other to achieve them.**

Here is what some of our current Mentors are telling us...

I know that Mentors are supposed to be the one giving advice and counsel; however, I clearly learned as much from my Mentee as should could have ever learned from me. I am so glad our paths have crossed!

Margi Prueitt, Mentor

The Women in Action Mentoring Program is a gift. One that is both eye-opening and heart-warming at the same time. The time we spend together, sharing, laughing, planning, challenging...

Rosanne Taylor, Mentor

The Mentoring Program has been a great opportunity for me to exchange ideas, experiences and build great relationships with an outstanding cohort of professional women.

Lisa Lynch, Mentor

As a Mentor, I received as much, if not more, than I gave. We shared stories and celebrations and developed a genuine relationship... and I know the relationship will not end when the program finishes.

Thank you for this incredible opportunity.

Peggy Smith, Mentor

The Muriel E. Gilman Women in Action Mentoring Program is sponsored by United Way of Delaware in collaboration with Great Dames, Inc.
